

Human progress is powered by smart machines – smart machines are powered by human visions

As machines are becoming smarter - performance, safety and reliability have never been more important. We provide these attributes for millions of mobile machines worldwide, right here in the heart of Europe. If you come work with TTControl in Brixen, your visions will be on board, too.

Junior Technical Allrounder – Software (m/f/d)

Have you successfully completed high school and looking to receive first-hand experience within an international software development company? Do you have an active interest in growing technology and trends? Also, are you participating in the following activities: Keeping up to date with technical topics via YouTube, dabbling with Arduino or hosting a server via Raspberry Pi, have Linux installed on your PC as a second OS, custom-building your own PC, writing script to automate tasks, or have a large interest in any of the mentioned?

Joining our technical team at TTControl allows you to live out your passion by being involved in a broad range of tasks and also offers the possibility to develop your skills for future roles in our Software Development department.

Your Tasks

Depending on your skills and interests, a selection of:

- Develop software modules for our applications
- Configure and customize test rigs for our software and implement test cases
- Implement change requests raised by project managers for our internal software libraries
- Configure and enhance the front-end of our cloud solution
- Support the (project) management operationally by supporting meeting preparations, meeting execution and follow-ups, creation of presentations and reports and maintaining and expanding our internal knowledge page

Your Profile

- Technical high school (ITI, Gewerbeoberschule, HTL)
- General interest in technology
- Basic experience in software development (e.g., with C or C++)
- Good knowledge of standard Office tools (Word, Excel, Powerpoint)
- Motivated and committed team player with curiosity for innovation and precise style of working
- Good command of English, good command of German or Italian
